

Minutes of Meeting

Meeting Agenda: Basic SQL Commands and Creating Tables According to Given ER Diagram.

Date: 02-05-2024.

Time: 11:30.pm

Location: JAIN (Deemed-to-be-university), Faculty of Engineering and Technology

Attendees:

- 1.Mr. Akash, Futureense Technologies,
- 2.K shreeshanth.
- 3.Chethan Y.
- 4.Jeyapathy m.
- 5.Vishnu.
- 6.Nutan ,fellow colleagues of batch 2024 ,jain university.

Meeting Proceedings:

- 1.Discussion on Basic SQL Commands.**
- 2.Understanding the ER Diagram.**
- 3.Creating Tables based on the ER Diagram**

1. Discussion on Basic SQL Commands:

The guide initiated the discussion on basic SQL commands. The attendees shared their knowledge and experiences regarding SQL SELECT, INSERT, UPDATE, DELETE, and other fundamental commands. Various examples were discussed to ensure everyone had a clear understanding of their usage.

2. Understanding the ER Diagram:

The ER Diagram was presented and thoroughly discussed. Attendees raised questions regarding entities, attributes, relationships, and cardinalities. Clarifications were provided to ensure everyone understood the structure and logic of the ER Diagram.

3. Creating Tables based on the ER Diagram:

Based on the ER Diagram, the process of creating tables was explained step by step. Each attendee actively participated in suggesting table structures corresponding to the entities and relationships depicted in the diagram. SQL scripts were shared and reviewed collaboratively.

The meeting was called to order at 11:30 by Mr.akash(Guide, futureense technologies) all attendees and thanked them for their valueable time .

Next Meeting:

The next meeting will be scheduled for tomorrow [11:30]. The agenda will focus on advanced SQL commands and query optimization techniques.
